Systems of Incarceration

Discrimination in providing program access, job assignments, custody, or level assignments based on an inmate’s race, religion, national origin, sex, disability, or political views is prohibited. (5-ACI-3D-04, 4-ACRS-6B-01)

I. Level System

An inmate’s incarceration will be based on a level system that determines custody level, job status, program status, and privileges earned. (5-ACI-5B-02, 5-ACI-5F-03, 5-ACI-7A-13) Inmates who are assigned to community corrections may have designated privileges available that are not specifically linked to their assigned earned credit level. (4-ACRS-5A-14)

A. Level Criteria

1. Transfers/New Arrivals

Inmates transferring will normally remain at their current level unless they have been assigned to Level 1 due to a situation defined in this procedure. If the transfer is determined to have been due to an inappropriate placement or incorrect custody
assessment, the inmate will not normally be dropped in level unless deemed necessary by the transferring or receiving facility.

2. At least once every 120 days, an inmate shall be reviewed by the unit classification committee, with no less than three staff members in attendance. Staff members will include a member of the unit team (secretary, unit counselor/assistant, correctional officer) as defined in OP-030101 entitled “Unit Management Overview and Major Objectives”, the inmate’s case manager and will be chaired by the unit manager or designated staff. In addition to the required 120-day reviews, a review will be done at the time the inmate becomes eligible for promotion in level. (5-ACI-5B-02, 5-ACI-5B-06, 4-ACRS-5A-05)

In order for an inmate to promote, he/she will meet the minimum following requirements:

a. Level 1

Inmates may be assigned to Level 1 by the facility/unit classification committee and under the following circumstances:

(1) Poor behavior;

(2) When placed on escape status; or

(3) When an inmate is not eligible to be placed on Level 2 or higher.

b. Level 2

(1) Inmates will be placed on Level 2 upon initial reception at an assessment and reception center (excluding those inmates returned from escape); unless they meet the criteria listed below to be placed at a higher earned credit level.

(2) Eligibility includes inmates who have been given a work, education, or program assignment; have received good evaluations in the work, education, or program assignment; good evaluations for personal hygiene and maintenance of living area; and maintains a good attitude and relationship with staff and other inmates.

c. Level 3

Inmates are eligible for a promotion to Level:
(1) After being incarcerated for at least three months;
   (a) All post-sentencing jail time will be included in the calculation;
   (b) Any time spent incarcerated in an intermediate revocation facility or delayed sentencing program will be included in the calculation;

(2) Receiving excellent work, education or program evaluations;

(3) Excellent evaluations for personal hygiene and maintenance of living area; and

(4) Maintaining a good attitude and relationship with staff and other inmates.

d. Level 4

Inmates are eligible for a promotion to Level 4:

(1) After being incarcerated for at least eight months;
   (a) All post-sentencing jail time will be included in the calculation;
   (b) Any time spent incarcerated in an intermediate revocation facility or delayed sentencing program will be included in the calculation;

(2) Receiving outstanding work, education or program evaluations;

(3) Outstanding evaluations for personal hygiene and maintenance of living area; and

(4) Maintaining a good attitude and relationship with staff and other inmates.

The prior service of an inmate returning to ODOC custody from escape or as a parole violator will not count toward the time-frame criteria for promotion to Level 3 or 4. The prior service of an inmate returning to ODOC custody from appeal bond, reverse or remand order will count toward the time-frame for Level 3 or 4.

3. Promotions in Earned Credit Level
a. Assignment to a higher level will be effective on the first day of the month in which the adjustment occurs. Exceptions are:

(1) Inmates who are being restored to a previous level after a misconduct expungement, misconduct dismissal or a release from segregation due to no disciplinary action being taken; in these situations, the inmate will be returned to the previous level in effect on the date of the demotion.

(2) Discretionary action by the facility head taken to remedy or correct a circumstance not clearly defined in policy.

4. Demotions in Earned Credit Level

a. Assignment to a lower level will be effective on the first day of the following month after the adjustment occurs. Exceptions are:

(1) Discretionary action by the facility head taken to remedy or correct a circumstance not clearly defined in policy.

5. Any demotion in level is effective for a minimum of 30 days. The inmate will be promoted after the 30-day time period if the inmate is eligible to be promoted to the next class level. The action by the committee cannot be prior to the end date of the 30 days.

6. It is intended for the inmate to progress through the levels to the highest level for which he/she qualifies.

B. Areas of Consideration for Promotion and Demotion

Promotions and demotions will be based on the desired behavior of the inmate from all aspects of institutional life. In addition to the previously stated criteria, the adjustment review committee/unit team will consider the following areas:

1. Job/Program Performance and Attendance

This aspect will be documented by the “Monthly Inmate Evaluation Time Credit Report” (DOC_060211M), “OCI/Agri-Services Pay Report” (DOC_080501F), and/or case manager case notes. In order to determine if the inmate meets the work evaluation criteria (e.g., excellent, outstanding), evaluation scores will be averaged for the past 120 days. A poor score in one area does not mean the inmate scores poor in all patterns of behavior. Inmates who are not employed due to the lack of facility job availability or not in
assessed programs due to unavailability may promote in levels, to include receiving the appropriate pay, if all other level criteria is met. Such exceptions would include:

a. Inmates who have promoted in levels while participating in a program will not be dropped in level upon completion of the program due to the lack of job availability.

b. Inmates assigned to death row who are not employable due to lockdown status or other justifiable reasons may promote to Level 3 if all other level criteria is met.

c. Inmates assigned to the Mabel Bassett Correctional Center or Joseph Harp Correctional Center mental health units may promote through the level system without benefit of a job if all other level criteria is met.

d. Inmates who have assessed needs and are assigned to an available program will be required to participate. Inmates refusing assigned job or programming will be demoted to Level II for 90 days or until they accept the assignment.

2. Attitude/Relationship to Staff and Other Inmates

The inmate will consistently demonstrate cooperative behavior toward staff, other inmates, and facility visitors.

3. Personal and Living Area Appearance

The inmate will maintain good hygiene and grooming habits and maintain a clean and orderly living area at the standards required for their assigned level.

4. Performance during present Level

The inmate must be satisfactorily participating in the requirements of the present level before a promotion will be considered. Advancement in level must be done incrementally and levels cannot be skipped. Consistent unsatisfactory participation in any one area may be cause for a demotion in level(s).

The scale of standards of assessing performance will be as follows:

a. Outstanding

For inmates who display outstanding initiative and motivation with few or no errors, and performs at expectations or above.

b. Excellent
For inmates who display excellent/above average habits with only minor errors and rarely perform below expectations.

c. Good

d. Fair
For inmates who may perform satisfactorily for some periods of time, but whose performance is marked by deficient and weak areas that could be improved.

e. Poor
For inmates whose performance is unsatisfactory and falls below expected and acceptable standards.

C. Special Earned Credit Consideration

Oklahoma statutes and circumstances for certain crimes and situations may deny or limit the application of credits. Exceptions to the general rules regarding application of credits will be in accordance with OP-060211 entitled “Sentence Administration.”

D. Requirements When Level Promotions Are Not Approved

In the event that an inmate is not approved for level promotion by the adjustment review committee/unit team, the following shall occur:

1. The inmate will be notified of the specific reason(s) approval was not granted before signing their “Adjustment Review” form (DOC 060203A).

2. The inmate shall be given specific actions to be completed prior to the next review date (e.g. enrollment in classes required to fulfill case plan needs, maintaining an orderly living area, maintaining good personal hygiene) that will enable them to meet level promotion requirements.

3. The case manager shall document the required actions on the “Adjustment Review” form and enter them in an OMS case note.

4. The case manager shall follow-up with the inmate during the monthly review of inmate progress as outlined in OP-060101 "Overview of Case Management." Regarding the inmate's
progress toward completion of actions needed to obtain a level promotion. This follow-up shall be documented in an OMS case note.

B. Private prison facilities which do not issue color coded I.D.’s must mark or have similar identification available to designate the assigned level of each inmate.
