## Work Release

Community corrections assignment provides eligible inmates with opportunities for work release and continuing education. These programs are designed to assist inmates with

Section-09 Programs	OP-090110	Page: 2	Effective Date: 07/17/2017
---------------------	-----------	---------	----------------------------

reentry and successful reintegration into the community. Work release provides eligible inmates the opportunity to seek, obtain and maintain employment in the community prior to release from incarceration. Inmates assigned to work release status may also be eligible to pursue the opportunity of continuing their education through colleges, universities or vocational/technical centers. (4-ACRS-5A-14)

Inmates not eligible for work release and who do not meet the criteria as outlined in this procedure and arrive at a community corrections facility for a parole stipulation will be reviewed by the facility head for work release consideration. A packet will be prepared by facility staff and [Attachment H](#) entitled "Work Release Exception Checklist" (attached) will be completed and forwarded to the regional director or his/her designee for final approval.

Those inmates assigned to community corrections for the completion of a parole stipulation and those inmates serving offenses in the highest crime category with 330 days or less will not be eligible for placement in a contract facility.

For the purpose of this procedure, the term "inmate" applies to individuals under community supervision by the Oklahoma Department of Corrections (ODOC).

Inmates who are serving non-violent offenses; with no violent misconducts, and whose past incarcerations are non-violent, to include juvenile history, who are not a serious or immediate risk to public safety and are not convicted sex offenders, will be considered for transfer to community corrections per [OP-060104](#) entitled "Community Corrections Assessment."

Referral packets for work release placement requiring transfer to another facility will be submitted in accordance with [OP-060104](#) entitled "Community Corrections Assessment."

## I. Eligibility

### A. Criteria

Inmates will meet the following criteria prior to assignment to work release:

1. Male inmates will have no more than 2,000 days remaining prior to placement on work release.

convictions for drug trafficking (57 O.S. § 510.1), are not eligible for work release until they have no more than 330 days remaining to serve.

### A. Obtaining Identification Documents

Prior to assignment to work release, inmates must have two valid forms of identification. Homeland Security regulations require two valid forms of identification prior to an individual being eligible to obtain employment. The ODOC inmate identification (ID) card may suffice for an ID card issued by a state agency. The ODOC inmate identification card, along with a social security card or birth certificate, is sufficient to obtain employment. Inmates must have proper identification prior to a transfer packet being submitted for a halfway house. Inmates may apply for a driver's license or state identification card, in accordance with the Department of Public Safety guidelines at <http://www.dps.state.ok.us/dls/dlid.htm>.

Section-09 Programs	OP-090110	Page: 4	Effective Date: 07/17/2017
---------------------	-----------	---------	----------------------------

1. If identification documents have not been previously obtained, it is the responsibility of the case manager to assist in securing the appropriate identification. During the orientation process, the case manager will assist the inmates born in Oklahoma in completing the "Vital Records Information Request for Birth Certificate" form at [http://www.ok.gov/health2/documents/VR\\_BCRequest\\_interactive.pdf](http://www.ok.gov/health2/documents/VR_BCRequest_interactive.pdf). For inmates born out of state, the case manager will assist the inmate in obtaining and completing a "Vital Records Information Request for Birth Certificate" to be submitted to the inmate's birth state.
2. Case managers will also provide assistance in obtaining an offender's social security card via the "Social Security Administration Application for a Social Security Card" at <http://www.ssa.gov/online/ss-5.pdf>.
3. Inmates may have valid forms of identification mailed to the facility records office.
  - a. If an inmate has requested forms of identification but has not received them prior to transfer, the sending facility will document this information on the inmate's case notes and forward the documents once they are received.
  - b. Eligible inmates that arrive with a social security card or birth certificate and their inmate ID may seek employment immediately.

### III. Participation

- A. Work release placement is not a voluntary program. All inmates who are eligible will be placed in the appropriate work release program.
- B. Inmates currently assigned to work release who receive a class A or class B misconduct may remain on work release status with the approval of the facility head, regardless of the earned credit level of the inmate.
- C. At the discretion of the host facility head, inmates removed from a work release program due to receiving a class A or B misconduct and who remain at community security may be re-considered for placement on work release after 90 days for a class A misconduct and after 45 days for a class B misconduct.

### IV. Facility Specific Restrictions

Section-09 Programs	OP-090110	Page: 5	Effective Date: 07/17/2017
