The business office will purchase uniforms with funds allocated from divisional funds.

a. Projection of Facility Needs

The designated staff person will develop a system of projecting facility needs based on current officer/employee FTE and a normal uniform replacement formula of two uniforms per year for each employee. In addition, the projection will include:

- (1) The type of uniforms required (e.g., Class B, Class C (BDU) uniforms, maintenance, food service, etc.) with appropriate sizes indicated; and
- (2) The estimated cost of the items based on current prices.

Projections will be completed on at least an annual basis, but may occur more frequently as facility/unit needs dictate.

b. Maintenance of Inventory

Upon resignation, termination or retirement, the employee's supervisor will ensure that all issued uniforms and related security equipment (e.g., badge, belt) are returned by the last working day of employment.

Upon death, the employee's supervisor will ensure that all issued uniforms and related security equipment (e.g., badge, belt) are returned by the employee's estate beneficiary in accordance with guidelines specified below.

If uniforms and equipment are not returned as required above, the facility/unit head will ensure that within five days of the last day of employment a letter is delivered to the employee, or deceased employee's estate beneficiary, either by certified mail or personal service. The letter will contain the following information:
