WORKPLACE VIOLENCE ASSESSMENT GUIDELINES ("RE-VIEW")

The following series of questions may be used as a guide in workplace violence assessment deliberations after a reported incident of staff workplace violence. They are grouped into five categories, generally arranged from most to least important in terms of judging potential threat, using the acronym, "RE-VIEW." The first category of questions concerns the reported incident; the remaining questions pertain to the individual(s) accused of the alleged threatening or violent behavior.

The questions are guidelines only and do not necessarily constitute an exhaustive list of relevant factors to consider in every incident of staff workplace violence.

1) REPORTED INCIDENT

- Severity
  - Did any staff or others suffer actual physical harm?
  - How much potential danger/harm were staff exposed to?
  - Did staff or others feel threatened or in danger?

- Motivation
  - What precipitated or "triggered" this incident?
  - Are the same or similar triggers likely to reoccur?

- Aftermath
  - Has the original precipitant or situation been resolved?
  - Do all parties agree that the situation is resolved?
  - Does the individual(s) accused of the threatening or violent behavior continue to exhibit threatening or violent behavior?
  - Do any staff or others continue to feel threatened or in danger?

2) VIOLENCE HISTORY

- Is there any evidence of previous violence or threatening behavior, either on or off the job?

Frequency/Recency/Severity
  - How often has violent or threatening behavior occurred?
  - Has violent or threatening behavior occurred recently?
  - Did past violence result in actual physical harm to others?

- How much potential danger or harm were others exposed to?
- Do others continue to feel threatened or in danger?
- Targets
  - Who or what were the "target(s)" of previous violent or threatening behavior?
3) INDIVIDUAL FACTORS

- Is there any evidence of alcohol or other substance abuse?
- Is the individual known to be preoccupied with weapons or other violent "themes"?
- Is there any evidence of a past or present psychiatric condition?
- Has there been a recent, abrupt change in the individual’s behavior?
- Does the individual…
  - tend to think that s/he is treated unfairly?
  - tend to blame others, hold grudges, or brood?
  - tend to display moral righteousness/indignation?

4) ENVIRONMENTAL FACTORS

- Are there any known stressors or negative changes in the individual’s life?
- Is quality social support (friends, family) available?
- If available, does s/he tend to rely on the support of others?

5) WORK PERFORMANCE/CONDUCT

- Do other interpersonal difficulties or conflicts with coworkers or supervisors exist?
